

VOLLEYBALL SAFETY GUIDELINES

This school strives to protect each student from possible injury while engaging in school activities. The guidelines and/or practices identified below have been established for this activity in order to protect the student and others from injury and/or illness. Participants and their parents should recognize that conditioning, nutrition, proper techniques, safety procedures, and well-fitting equipment are important aspects of this training program. Each participant is expected to follow the directions/standards of the coach.

Travel to and from off-campus facilities shall be in accordance with the directions of the activity coach.

Guidelines are as follows:

1. Make certain that you wear all equipment that is issued by the coach. Advise the coach of any poorly-fitted or defective equipment.
2. Advise the coach if you are ill or have any prolonged symptom of illness.
3. Advise the coach if you have been injured.
4. Engage in warm-up activities prior to strenuous participation.
5. Be alert for any physical hazards in the locker room or in or around the participation area. Advise coach of any hazard.
6. Be aware of court surroundings, i.e., obstacles, projections, bleachers, standards, etc.

The above information has been explained to me and I understand the list of rules and procedures. I also understand the necessity of using the proper techniques while participating in the volleyball program.

We agree that neither the school district, nor the staff of the school district, nor the student organization of the school district shall in any way be held liable for any accident or injury in anyway received on account of or while engaged in any athletic activity sponsored by the district. We further agree that neither the district nor any of their staff or student organizations shall be responsible for the payment of any bills rendered for medical services as a result of such accidents or injuries.
