- Assist students in effectively dealing with health issues, problems, and concerns
- Effectively work with site and District personnel, parents, social service, and youth service agencies in resolving student health problems and concerns
- Communicate effectively in oral and written form
- Understand and carry out oral and written directions with minimal accountability controls

Education, License, Certification, Formal Training:
- Two years of successful public school nursing experience preferred
- Currently licensed as a Registered Nurse in the State of Washington
- Valid CPR, First Aid and AED certification required
- Possession of a valid Washington State Drivers License
**Essential Functions:**
- Implement and follow-up of student health care plans
- Collect, organize, and analyze student health information, and provide teachers and school administrative personnel with student health alert details
- Provide counsel and guidance to pupils and the school staff pertaining to individual student health needs as needed
- Conduct or assist in the conduct of vision and hearing screening in compliance with legal mandates, policies and regulations
- Assist clerical staffing implementing mandated pupil immunization program, including participation in parent information and referral programs
- Provide information and data to students concerning health education, nutrition, diet, and social and communicable disease
- Serve as a resource to site and District personnel, and members of the school community
- Assist in the development implementation and monitoring of the health service portion of individual education plans for students with exceptional needs, as needed
- Assist in the planning, development, and implementation of strategies to provide for health service in emergencies
- Establish, maintain, and monitor the maintenance of a variety of files and records pertaining to student services, and related matters

**Other Functions:**
- May provide information to parents about health issues if directed to do so by School Nurse or an administrator
- Performs related duties consistent with the scope and intent of the position

**Mental Demands:**
- Experiences frequent interruptions
- Required to deal with a wide range of student behaviors and academic abilities, which may include distraught or difficult students and parents
- May be required to shift task priority
- Frequently required to deal with situations that could put employee in position of liability
- Required to deal with emergencies as appropriate to the position and student or adult needs

**Physical Demands:**
- Exposed to visual display terminals
- Potentially exposed to ordinary infectious diseases carried by students
- Occasionally required to attend to students’ personal hygiene
- Required to take precautions to avoid exposure to student bodily fluids, disinfectants and medications
- May be required to move ill or injured students
• This position performs light work that involves sitting, but does require walking and standing for extended periods
• Requires accurate perceiving of sound, near and far vision, depth perception, handling and working with materials and objects, and providing oral information
