## IT'S A CHALLENGE!

The secondary school has challenged the elementary school to a Conservation Challenge! In this challenge we will be teaching students to be mindful of energy consumption; for example; turning off the lights when leaving the room or turning off the T.V. when not watching it. Also not to be wasteful with food. We will weigh the compost buckets to see which school has the most compost at the end of each day and add it up over the challenge timeframe.

LET'S WIN THIS CHALLENGE!!

### SUPPORT THE SPANISH CLUB!

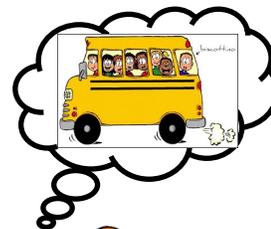

The Spanish Club is selling bags of coffee to raise funds for there 2019 trip to Peru.

The coffee beans are from Peru and they are organic, shade grown, fair trade, whole bean, French roast, and locally roasted.

We're selling bags for \$12. If you'd like to support our trip and keep yourself, your friends, and your family well caffeinated, talk to a Spanish Club student or let me know and we'll take care of you.

Contact, Lisa Geddes at ext. 2225

Don't forget to send in a bus note!!

Your children worry all day if they are unsure of their after school plans. Make sure your child brings a bus note in if they are going anywhere besides the normal stop.
