

WELCOME BACK!

Check out the amazing things happening at our community's school!

Welcome back everyone! We have an exciting school year planned and are off to a great start. We wanted to let everyone know that informational newsletters were emailed to all families before school started. Please let the office know if you did not receive the updated information. Also, the elementary supply list was sent home in June with student report cards and it has been posted on the new website in the "For Parent" drop down menu.

### Check Out Our New Web Site!

Over the summer we updated our website. The intent was to make it usable with devices and easier to navigate. Please check it out and offer feedback.

A friendly reminder that our school works hard to be environmentally friendly, we send the majority of our communication out through the email system. If you hear of someone not getting messages, please refer them to the office so that we can update their email address.

Thank you!
