

TECH CAMP

Check out the amazing things happening at our community's school!

## Tech Camp was a Blast!

Lopez secondary students were invited to be tech leaders and to assist in our device rollout next week. More than a dozen secondary students have been trained to coach their peers for next week's deployment of devices.

## Take Two...Secondary Device Deployment

Next week the secondary students will start to receive their computers. Many steps are in place to support a successful rollout. The Digital Citizenship agreement and damage insurance are just a few of the steps to support a successful rollout and responsible use of the devices. Our thanks to the community for supporting the Tech Levy!
